

Register early for the 7th Annual
MN Lady Slippers banquet.
We're limited to 100 people!

The Lady Slippers contribute to the community:

- > We continue to support the efforts of the White Bear Lake Outdoor & Archery Club and will again sponsor the Art Hawkin's Award, an award presented each year by the archery club to a deserving high school outdoor enthusiast.
- > Our 4th annual T.U.N.E. Camp will be held down south this year at the Eagle Bluff Environmental Learning Center in Lanesboro, MN, June 24-26. Thirty lucky kids will get to experience three fun-filled days in the outdoors learning everything from tying flies and casting a fly rod to shooting a bow and arrow.
- > We are working with the folks at the Katherine Abbott County Park to set up a habitat project where we would help fund and offer labor on three parcels of land totaling 12 acres.
- > This year we will once again participate in the Wild Wings MN Outdoor Youth Expo in May.
- > We contribute statewide to the Build A Wildlife Area projects.
- > We contribute on the national level to the Legislative Action Fund.

With your support, our chapter can make our habitat and educational goals a reality. The MN Lady Slippers appreciates your commitment to conservation and looks forward to working together for tomorrow's stewards.

Thank you for your support!

June 24-26, 2011

**Eagle Bluff Environmental Learning Center
 Lanesboro, Minnesota**

Teens will learn about upland habitat, identify flora & fauna, and learn about management practices, stream ecology and aquatic life. Other activities will include a fly-fishing clinic, a shooting clinic, fly-tying instruction, ropes courses, canoeing, fishing, dog training, archery, and more!

The goal of this partnership between two of the most recognized conservation organizations in the country, is to offer the opportunity for youth in the Twin Cities to learn how habitat is the key component in many of our outdoor activities and in order to participate in hiking, fishing, hunting & camping; we must become stewards of the land.
